**Step by Step instructions**  
3L TripleLock & Click4U  
One piece drop-lock system

INNOVATIONS  
4 FLOORING

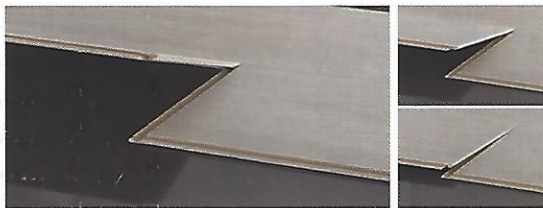

**The easiest and fastest one piece drop-lock system** for the short side on the market!

**1** LONG SIDE  
Start by engaging the plank on the long side (angle-system)

**2** SHORT SIDE  
To engage on the short side, let the plank drop easily.

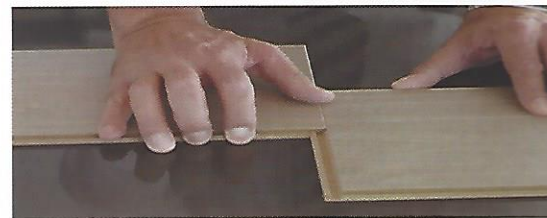

**3** LOCKING SYSTEM - 3L TripleLock  
Push with your thumb on both ends of the short side until you hear the "Click" sound of the one piece drop-lock system.

**4** DISENGAGE - long side  
Start disengaging on the long side by lifting the plank in angle position.

**5** DISENGAGE - short side  
To disengage on the short side, softly slide the planks in opposite directions.
